

We are pleased to be able to share with you the curriculum content which your child will cover this term. This term looks different, as it will be used to prepare your child for the SATs.

English – Reading

This term, we are focusing on revision for SAT's and will be using the CGP books.

In reading lessons, children will continue to develop their skills with retrieval and inference. They will read and understand a variety of fiction, non-fiction and poetry texts.

Parents can help at home by reading with their child and signing their reading record every day.

English – Writing

Writing to Persuade – A letter to humans on the impact of climate change.

Writing to Entertain – Narrative based on The Jungle Book.

We will be spending time editing and improving all our writing pieces for the year, using the grammar techniques learnt.

Mathematics:

This half-term we will be revising the following topics:

- Area, Perimeter and Volume
- Averages
- Properties of shape
- Measures
- Length, Mass, Capacity
- Position and Direction
- Statistics
- Charts, Graphs, Averages
- 4 Operations
- Fractions, Decimals, Percentages
- (Roman Numerals)
- Time
- Ratio and Proportion
- Algebra

Please support your child by completing set homework in their CGP book and logging into Mathletics each week.

Our calculation policies can help you to understand the methods your child has been taught. You can find these in the Mathematics section of our school website.

Sikh Studies – People and places

By the end of this term, children will recognise who the significant modern Sikhs are worldwide, from India.

Physical Education – Friday afternoon

This term, pupils will focus on Tennis and Dance. Please ensure that they have the correct PE kit with them every week.

Spellings:

- Year 5 and 6 statutory spelling words

Grammar:

We will continue to build on and expand upon the children's knowledge of grammar, looking especially this term at:

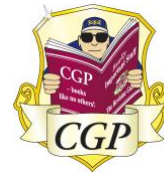

- root words, prefixes, suffixes/word endings

Arithmetic:

Continued revision of the four mental operations: addition, subtraction, multiplication and division.

Reasoning:

Children will revise their knowledge and put their mathematical skills to use through logic and making connections. They will practice reading and decoding SAT's style questions.

Music – Glockenspiels and reading musical notations

Computing – Information Technology - What are drawing programs and how do we use them?

Children will use software effectively to create, design and manipulate for purposeful outcomes and collect, analyse and draw conclusions from data such as through data logging.

PSHE – Keeping safe and our society

We will be learning about how to keep safe (online and in person) and how our society works.

Ideas for parents to support learning in school:

- Speak to your child about their learning
- Try mindfulness techniques to help your child remain positive and focused.
